QR Code Vocab

1. **Turn on your iPad and open the SCAN App:** see the icon at right or run a search to locate the Scan app. You may be prompted to sign in--tap the “later” link to get started.

2. **View one of the table tent QR Codes** at the station— Use the frame brackets to line up the QR code for scanning. Make sure you have “Scan” selected at the bottom center.

3. **The scanned QR Code** will provide one of the following:
 - A. A link to web site (containing text, video, audio)
 - B. Information that can be read.

The History Button allows you to see all codes that have been scanned.

4. **Tap the Scan button** to scan another code—try your hand at scanning all three table tents.
